FINANCIAL MANAGEMENT

NLH CONTRACTING'S financial services help owners, management, and board members solve financial management issues with unique insight and guidance. Financial management services benefit clients with:

- Access to executive-level skills and experience without hiring a full-time position
- Strategic planning
- Financial information to make critical decisions
- Evaluation of equity transactions and owner protection
- A vital flow of financial information during employee turnover or leaves of absence
- Outsourced CFO & Controller services
- Individual, Corporate, Partnership, Schedule C and Non-Profit tax preparation.

WE provide organizations with experienced Human Resources and CFO talent on an outsourced, part-time basis at a fraction of the cost of a full-time employee. We work remotely or on site, which positions us to address pressing financial concerns, mentor staff, and help you make critical decisions.
